GARDEN CLUB

Long Beach, California
2026-2027

Member of
California Garden Clubs, Inc.

From the President

Our love of and commitment to Naples
are at the heart of everything we do —
helping preserve the beauty, character,
and sense of community that make our islands so special.
We honor the traditions and hard work of the members
who came before us, as we continue to build
on their legacy through service, beautification,
and new traditions for future generations.
Most importantly, the friendships we create along the
way are what truly connect us and make everything
we do so meaningful.

— Catherine Steisel

This year's cover photo, by NIGC member Trish Schooley, was taken during December of 2025. This was the second year the NIGC decorated the five Naples Islands bridges with garland, ribbon, bulbs and lights using funds donated or from our Beautification Fund. The community was so appreciative, we vowed to continue this as an annual tradition.
